

BASIC OPERATION INSTRUCTIONS FOR ROLL-UP AND TOP ROLL GYM DIVIDER CURTAINS

Electric Gym Divider Curtains are operated from a momentary secure control usually located on the wall closest to the motor side of the divider. Key switch or controls should be located to be in full view of both sides of the curtain during operation. Divider Curtains cannot be operated without the key or other secure method.

When operating the Gym Divider Curtain, be sure to adhere to the following procedures or you run the risk of damage to the curtain assembly:

1. After verifying that all persons in the gymnasium are a safe distance away, turn and hold key in a counter-clockwise direction to lower the curtain.
2. After the curtain has been fully lowered and just prior to folding the curtain back up, verify the following:
 - A. Verify that no components of the curtain assembly have been damaged in anyway. If any damage is evident, do not operate the curtain and contact your dealer or sales representative to arrange immediate repair.
 - B. Verify that all persons in the gymnasium are a safe distance away.
3. After carefully checking and complying with the items in step 2 above, turn the key in a clockwise direction to raise the curtain. The following safety precautions should also be taken:
 - A. ONLY staff persons thoroughly trained and qualified in the operation of the curtain should operate the Divider Curtain.
 - B. NEVER leave the key in the switch or in an unsecured location accessible to unauthorized operators.
 - C. Do not attempt to climb curtains at any time.
 - D. Do not interfere in any way with the operation of the curtain as it is folding up or down.
 - E. If satisfactory performance of the curtain operation cannot be obtained by following the steps above, contact your dealer or sales representative for immediate assistance.

MAINTENANCE SCHEDULE FOR ROLL-UP AND TOP ROLL GYM DIVIDER CURTAINS

The following procedures should be performed not less than one time per year to insure continued proper operation of the Gym Divider.

1. Check all set screws, nuts and bolts on the motor/winch unit to insure that none have worked loose.
2. Check the limit switch to insure that it is working properly and that the screws are tight.
3. Insure that the splices on the drive pipe are secure.
4. Visually inspect the bottom batten for any bends or separation of the splices.
5. Check for any tears in the curtain. If tears are present, patch immediately to prevent further damage.
6. If curtain is a Roll-Up, check for abnormal wear (i.e. fraying) in the hoist belts. Should severe wear be detected, discontinue use of the Gym Divider immediately and contact your dealer or sales representative.
7. Clean curtain with mild detergent and water or any off-the-shelf vinyl cleaner.

LIMITED WARRANTY

PROGRESSIVE ROLL-UP AND TOP ROLL GYM DIVIDER CURTAINS

All Roll-Up and Top-Roll Gym Divider Curtains are warranted to the end user for a period of five (5) years from date of substantial completion and acceptance or sixty-six (66) months after date of shipment whichever comes first. In the event that any curtain component fails under normal use and conditions, that component will be replaced or repaired. Routine maintenance and adjustment excluded.

Misuse or abuse from vandalism, improper installation or improper maintenance is not covered under this warranty. Damages due to extreme weather conditions such as floods, tornadoes or other Acts of God are also expressly not covered under this warranty.

THIS WARRANTY DOES NOT COVER:

1. Dissatisfaction due to improper installation or maintenance or dissatisfaction due to deviation from printed installation and maintenance instructions.
2. Damage in use due to tears, punctures, burns, scuffs, accidents emanating from lack of, or improper operation in conjunction with adjacent equipment or any intentional misuse of the product or vandalism.
3. Liability for consequential, incidental, special or any other damages, no matter what the cause.

DATE APPLIED: Five (5) years from date of substantial completion of job and acceptance by the owner or sixty-six (66) months after date of shipment, whichever comes first.
